

Dear Friends of ASAP,

ASAP Empowers is happy to announce our participation in the [Georgia Gives](#) campaign on December 6th. During this opportunity to "give where you live," ASAP will be raising funds to bring our expertise and experience home to the USA. ASAP will share the life-changing [Internal Savings and Lending](#) micro-finance method to help youth and entrepreneurs in this country access the capital to fund their dreams. We hope you will remember ASAP Empowers on Georgia Gives Day - December 6th.

It's the season to give thanks! A special thanks goes out to [Patrick at Just Math Tutorials](#). Patrick, a former math professor at Vanderbilt University, has developed a phenomenal set of on-line math training videos. He has generously made these tools accessible to ASAP as we continue to work to strengthen our 'Improving Math Education in Primary School' Project ([IMEPS](#)) in Zimbabwe. Of course, we are grateful for the generous continuing grant from [The Flora Family Foundation](#) that makes this work possible.

Big thanks to all the world citizens that helped ASAP get the ball rolling, making the 1st annual "Circle Our World With Love" campaign a success. [Click here](#) to see the participants. Together we covered 7,194 miles last summer! A big shout-out goes to the Federal Employees that contributed to ASAP again this year through their Combined Federal Campaign, Aid for Africa Federation. Thank you! Since 2003 ASAP has met the rigorous financial, accountability and governance CFC standards and humbly asks for your support; our CFC number is 10029. [Click here](#) to make your CFC pledge to ASAP now. Special thanks also go out to [Africa Direct](#), (a great place to find unique gifts from Africa) who continues to support our work through [EBay Giving Works](#).

Of course, thank YOU for your interest and for investing in ASAP's success. Your support is appreciated more than you will ever realize!

Sincerely,  
Elizabeth Bara
