

Dear Friends of ASAP,

Big thanks go out to the forty-three awesome world citizens that have already dedicated 13,957 miles to ASAP's Circle Our World With Love campaign. We're over half way to our 24,901 mile goal. Click [here](#) to see who is helping ASAP Circle Our World. Pictured here are Deena Attia in Fayetteville, GA and David Dawson in Sasebo Shi, Japan.

Deena is a marathon runner that has dedicated an amazing 979 miles, staying fit and helping ASAP Circle Our World With Love.

Good news! You can still help ASAP reach our September 30th goal. Dedicate your non-motorized miles today. Do good, get out and enjoy the outdoors - walk, run, cycle, paddle - during this beautiful month. Every mile counts! Click [here](#) for your dedication form.

Your efforts support ASAP's [Tools For Empowerment](#) project; providing trade tools kits to vocational school graduates in Haiti and the training to increase their income through Savings Groups.

In Sasebo Shi Japan, Daniel D. is a runner that is dedicating his miles to Circle Our World With Love

When you dedicate your miles you bring hope for a better life to a family in Haiti. We are so grateful for the good intentions that each and every powerful mile dedication represents. Even if you don't cycle or run, you can also participate by sponsoring these [individual](#) mileage dedications now through December 31st.

Of course, giant thanks go out to ASAP's [sponsors](#) that help to make this campaign possible.

[Africa](#) Direct

[Andy's](#) Auto Repair

[John's](#) Golf Car Service

[Outlaw](#) Consulting

[Prudential](#) GA Realty, Nancy Crowe

[Clay](#) Van Meter State Farm Insurance

Thank you for your interest in ASAP Empowers!

Happy Labor Day!

Tom Arsenault
ASAP President
