

Dear Friends of ASAP,

Thank you again - we just can't say it enough!

### **2,149**

That's the number of refurbished trade tools that have been provided to vocational graduates in Haiti during the first year of the Tools For Empowerment Project. These were tools generously donated and refurbished by volunteers in Peachtree City.

Because of your generous support, young auto mechanics, carpenters, masons, plumbers and electricians in [Haiti](#) - with their own tools in hand - will be able to find work or start their own enterprise. Poverty prevails in Haiti and these tools will transform lives and help rebuild the nation.

### **Thanks again to [The Holy Trinity Catholic Church](#)**

Over 1,000 tools were donated during ASAP's 2nd annual May tool drive to help vocational school graduates in Haiti through the Tools For Empowerment project. Words cannot express our gratitude.

### **And special thanks to [The 1<sup>st</sup> Presbyterian Church](#)**

Since October the church provided a Tools For Empowerment donation site. The outpouring of tools and interest has been inspirational and amazing!

### **Volunteers Needed**

If you have a couple hours a month that you can help out checking, cleaning and packing tools, please give us a call or [click here to sign up on SignUpGenius](#).

Thanks of your generous support, vocational school graduates in Haiti will be able to find work or start their own enterprise.

### **ASAP on the Web**

You can support and learn more about ASAP's work on our secure web site and by following these links: [Crowdrise](#), [Global Giving](#), [Guidestar](#), [National Christian Foundation](#), [National Cristina Foundation](#)

ASAP's vision is a world without poverty. Working to cultivate self-reliance - sharing our time, skills and fellowship - together we can, must and will make the world a better place. We cherish your interest and support.

Sincerely,

Tom Arsenault  
ASAP President
