

Dear Friends of ASAP,
Happy Valentine's Day from ASAP!

Hearts for Haiti Community Service Day - an opportunity to make a life-changing difference to a family in Haiti. Your group selects the day and time to volunteer at ASAP's Tools For Empowerment recycling center in Peachtree City, GA; preparing tool kits for vocational school graduates in Haiti. [Click here](#) to apply and learn more.

ASAP is honored to be an approved [National Christian Foundation](#) charity.

As they say, "With God's grace and provision, together, we're mobilizing billions of dollars for the churches and ministries doing His work ... around the corner and around the world."

Thanks again for making our work possible.

We are so excited that you share our vision. Using our abundant, precious resources wisely and sharing our time, skills, and good intentions - together we can make the world a better place.

Thank you again for your interest and your generous support.

Sincerely,
Tom Arsenault
ASAP President

Your group will make a life-changing difference to a family in Haiti. Hearts For Haiti Community Service Day
