

Dear Friends of ASAP,

Thank you for your interest in ASAP. We are delighted to share this news, as together we continue to cultivate self-reliance around the world.

#### Tools for Empowerment

ASAP is pleased to announce our new partnership with The Salesian Missions. Their mission statement of "Helping others to help themselves", matches the ASAP philosophy which makes this partnership a perfect fit. Working together, ASAP will support graduates from [The Salesians Don Bosco Vocational Training Centers](#), providing tool kits for each specific field of study. Entrepreneurs world-wide will prosper from ASAP's new [Tools For Empowerment project](#).

#### Improving Math Skills in Zimbabwe

For ten years ASAP has been working to improve math teaching and learning in rural Zimbabwe. With continued support from The Flora Family Foundation during 2013, ASAP is now working with the Curriculum Development Unit and teachers in Zimbabwe to strengthen a new 5-year project. Only by reflecting on where we have been can we move forward with confidence. To read the Lessons Learned report [click here](#).

Valentine's Day is a great time to think about participating in ASAP's second annual [Circle Our World With Love](#) campaign. On March 1st the application form for high school community service volunteers and internships will be available on our website. We need your help to make the campaign a great success this summer.

Thank you for your participation and support,

Sincerely,

Elizabeth Bara
